

Notes:

- Resin types available:
 ISO PE is general duty resin which provides excellent corrosion resistance in many applications.
 VE is a premium grade resin which has higher strength properties, retains strength better at elevated temperatures, and provides a wider range of corrosion resistance than isophthalic polyester.
- All Clips and Fasteners are manufactured using SS316 stainless steel.
- All prices are ex-works Boronia, VIC.
- All prices are excluding GST.
- For non-account customers we accept EFT of credit card payments prior to shipping.
- Minimum order value is \$1,000 + GST per transaction.
- Standard Exel Composites terms and conditions apply.

991 Mountain Hwy, Boronia, VIC. AUSTRALIA. 3155
